

## 1. Plots of the FEWSNET data against the FAOSTAT data with colour separation of decades

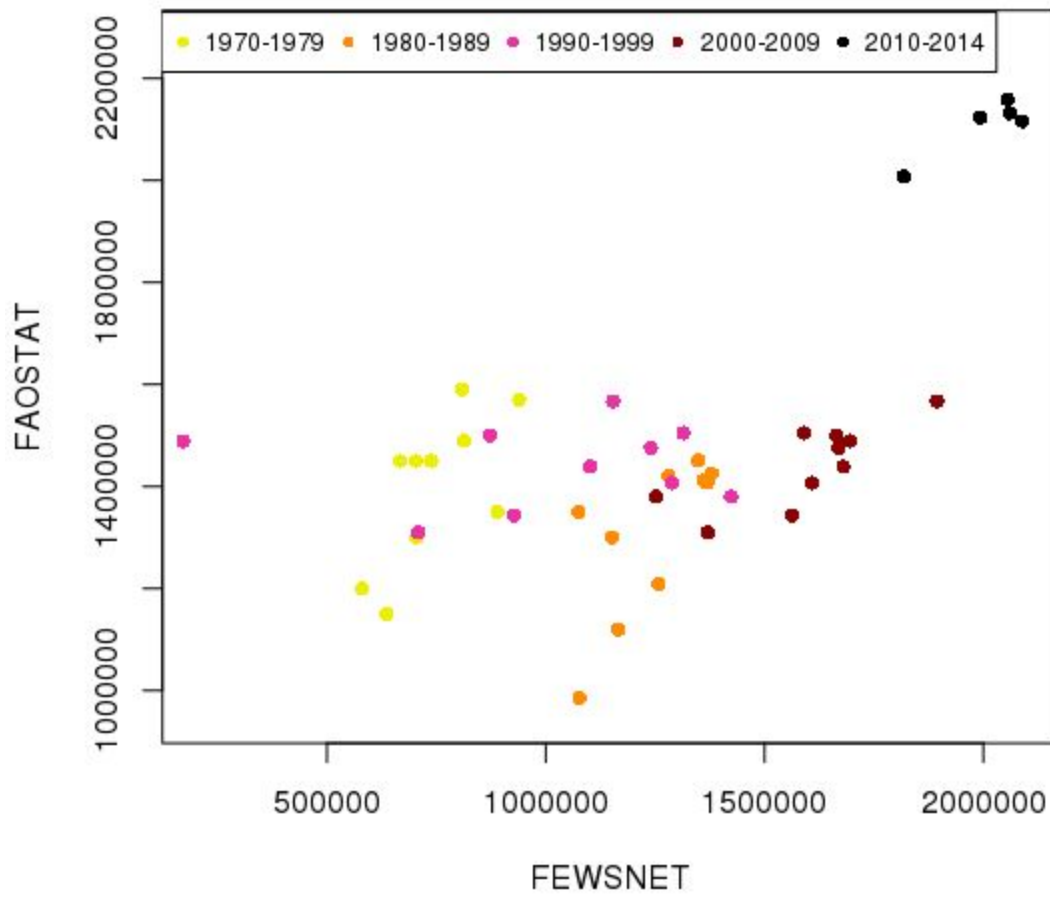

**Yield (MT/Hectares), 5-year average**

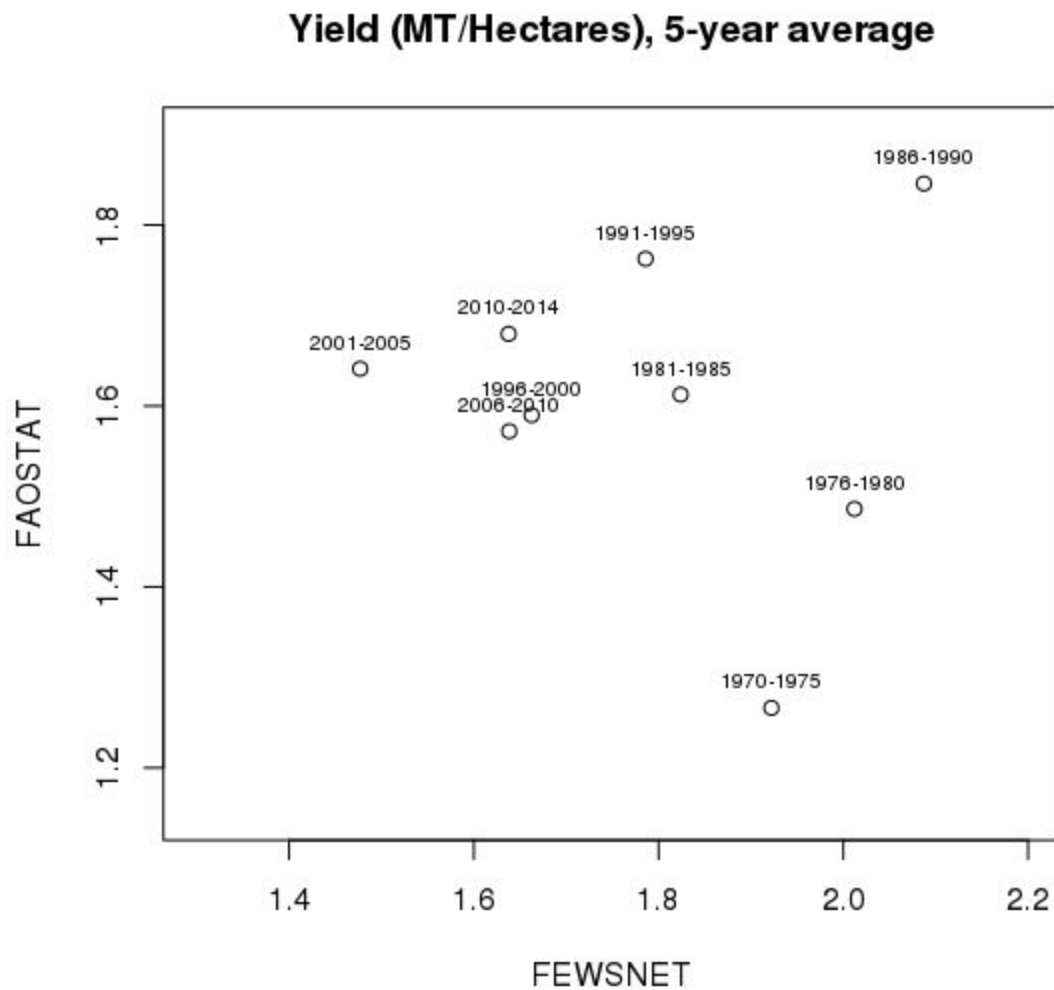

## Production (MT)

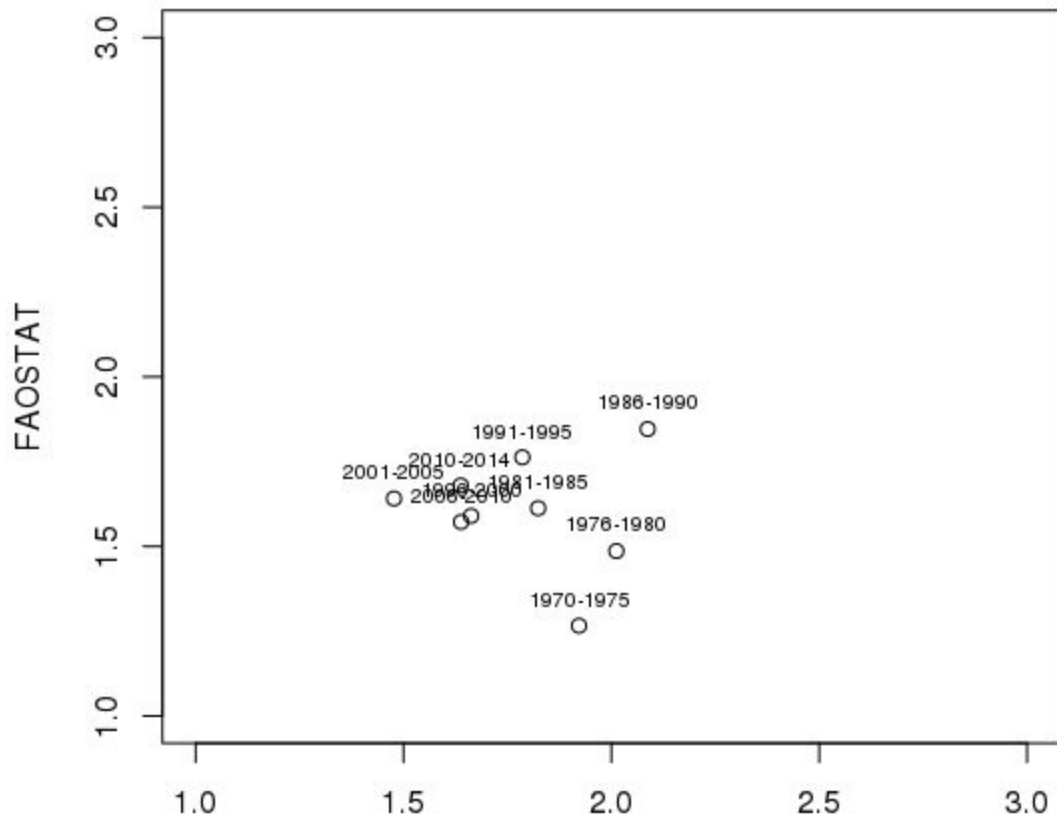

## Area (Hectares)

## 2. Plots of the FEWSNET data against the FAOSTAT data: 5 years average

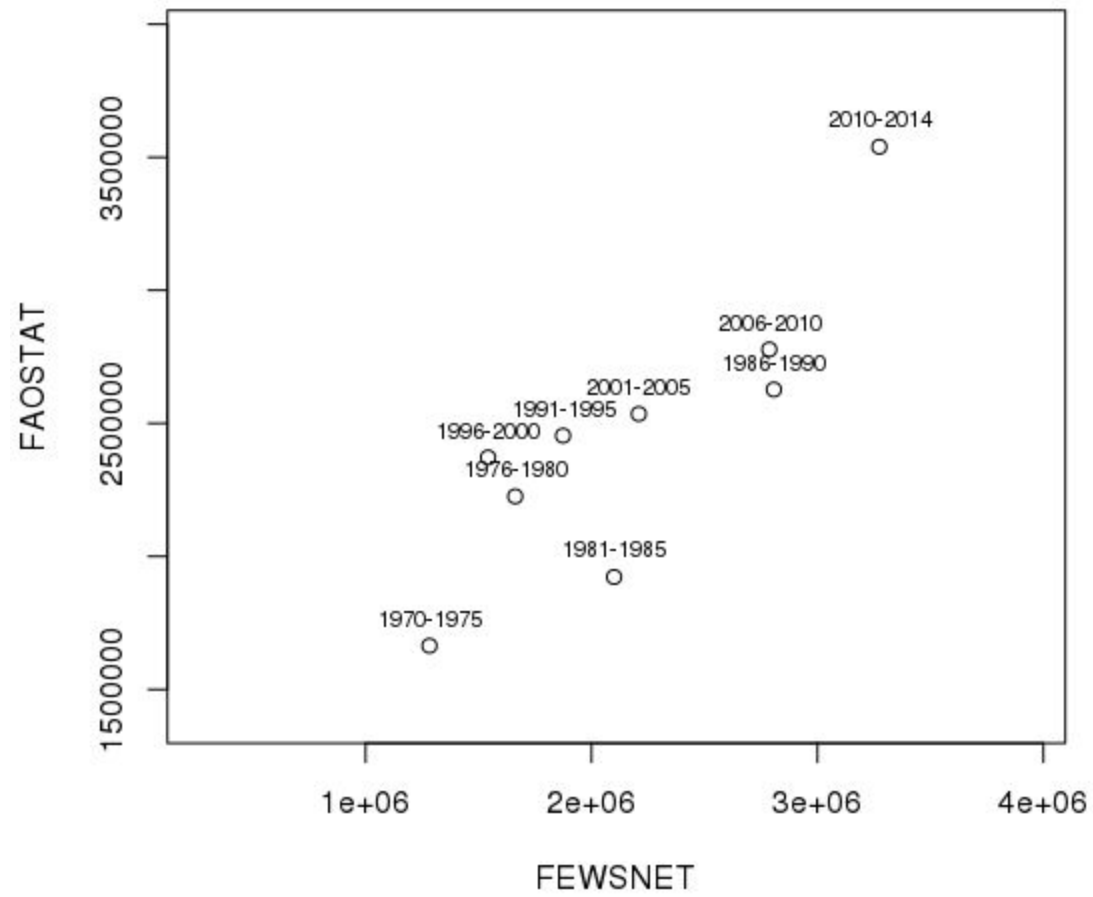

### Yield (MT/Hectares), 5-year average

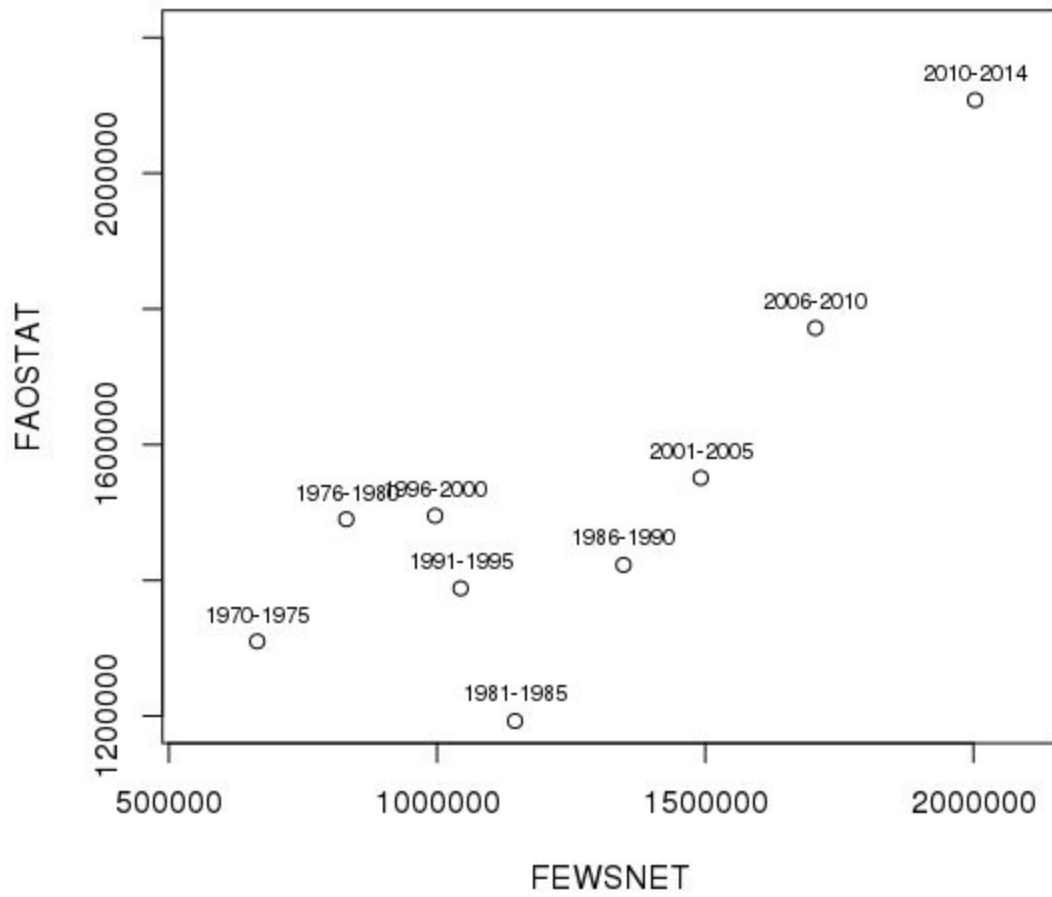

FEWSNET

Zoom out (the scale is relatively small)

### Production (MT), 5-year average

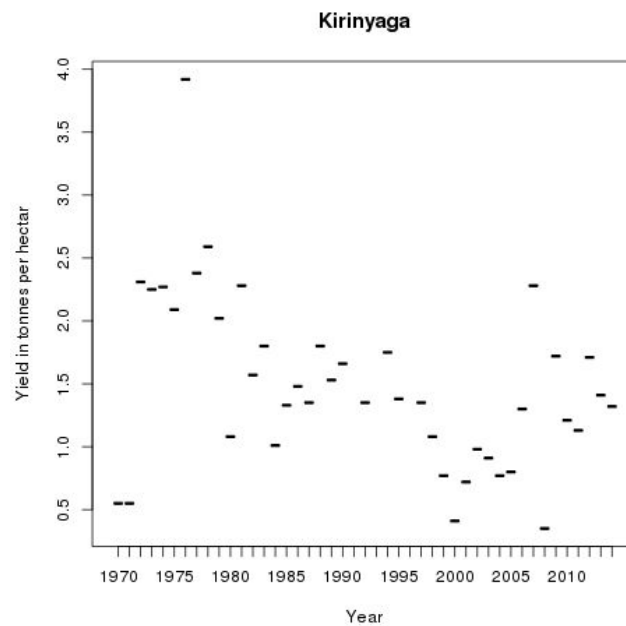

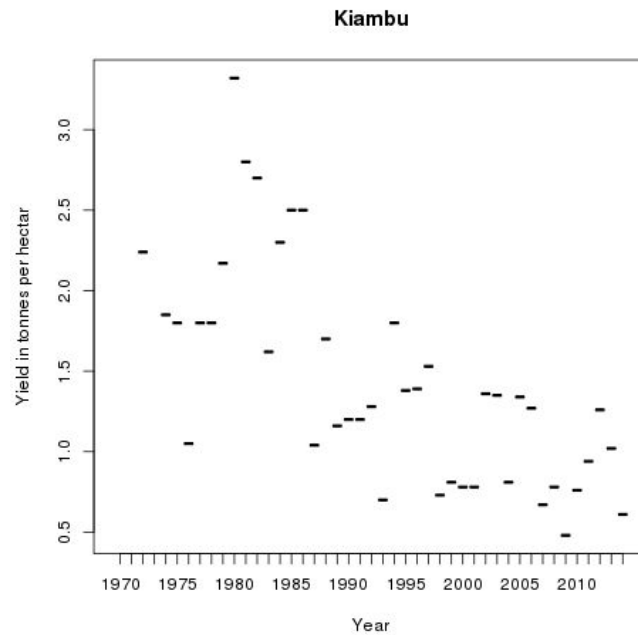

### Area (Hectares), 5-year average

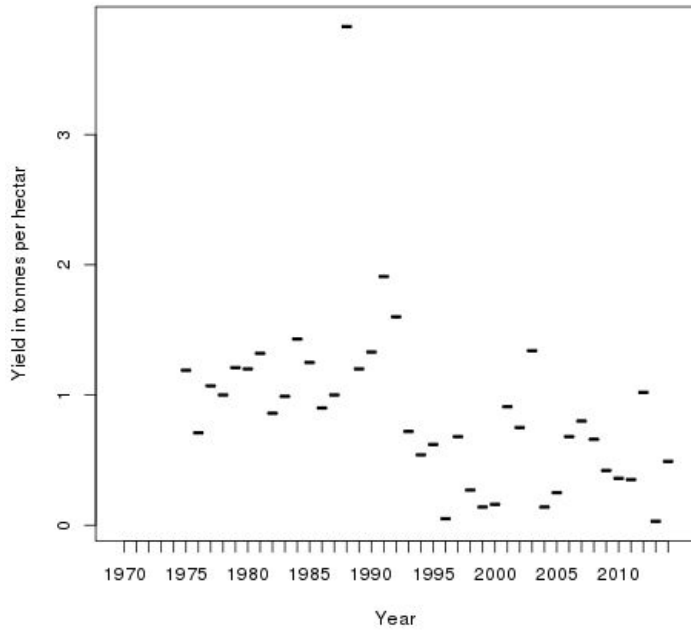

### 3. Plots of trends in yield - counties separately

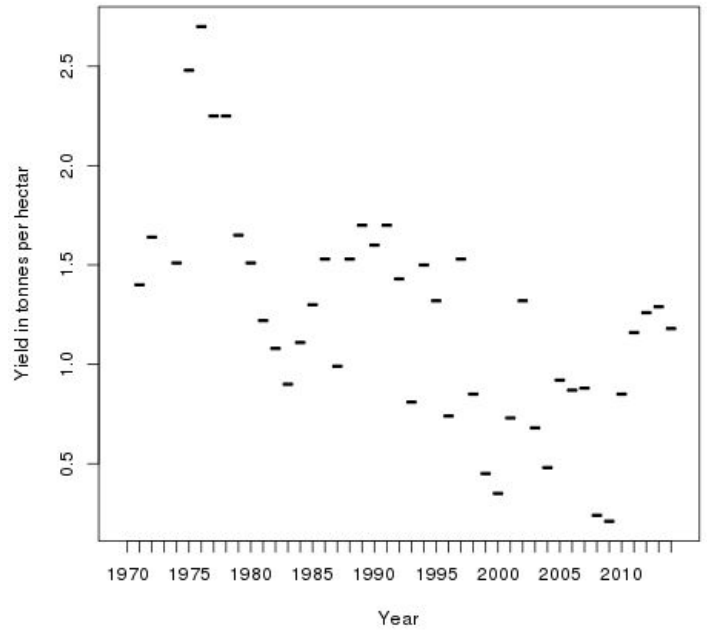

#### a. Negative and significant trend

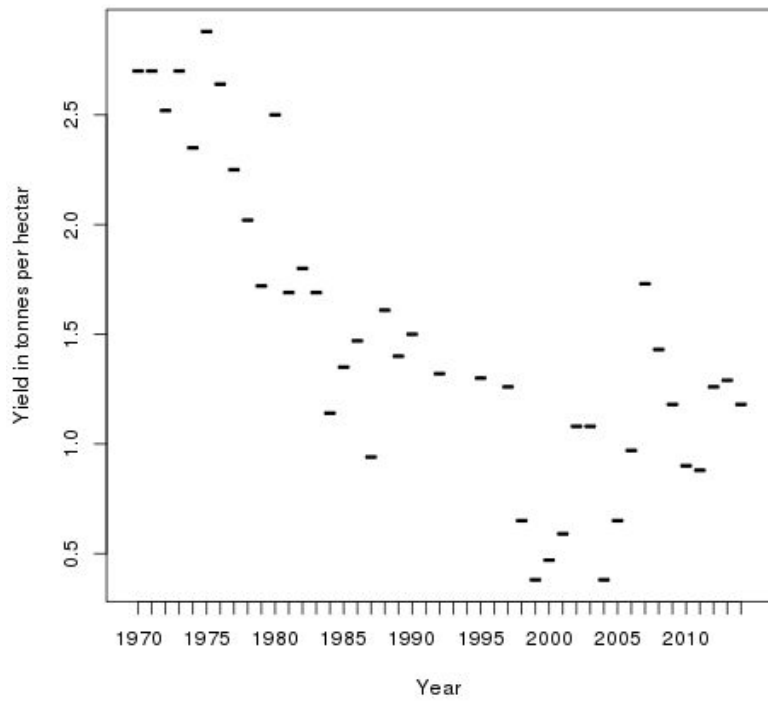

**Isiolo**

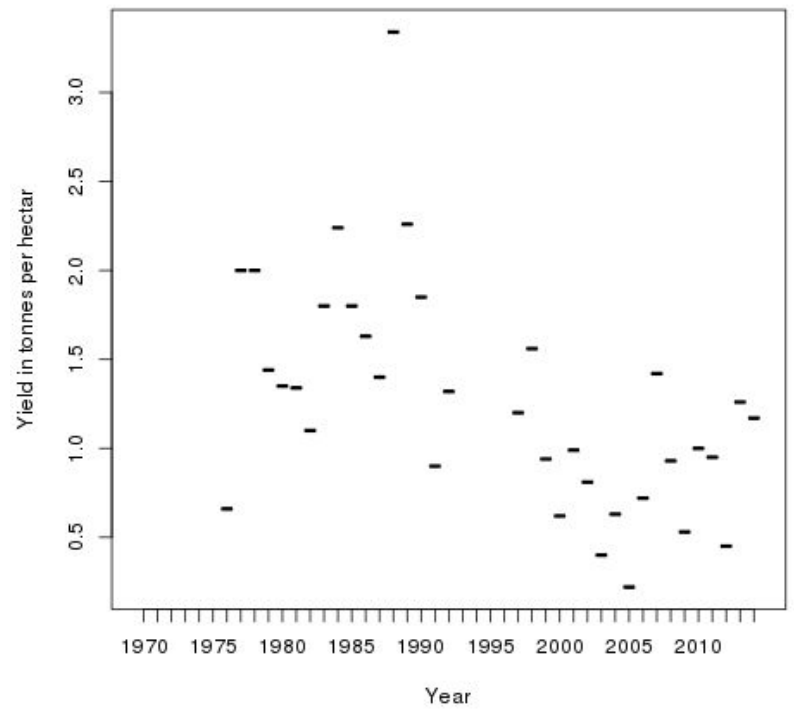

**Murang'a**

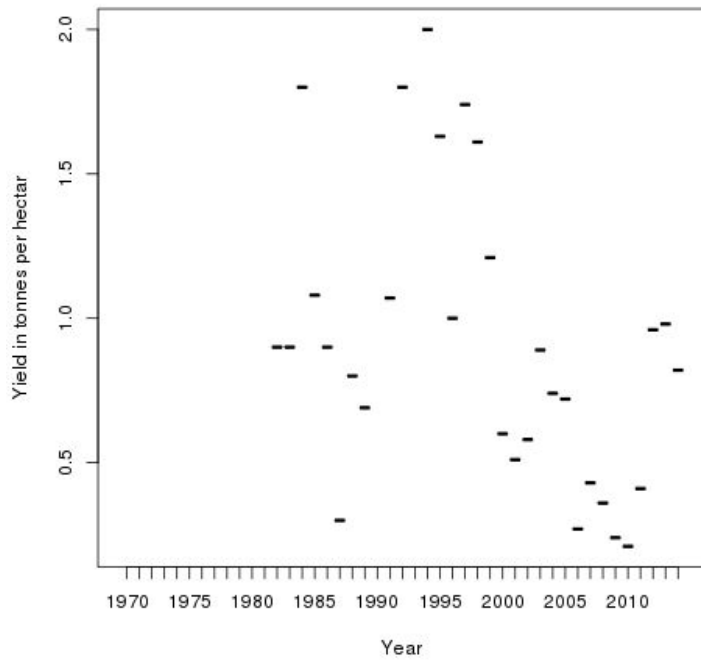

**Nyeri**

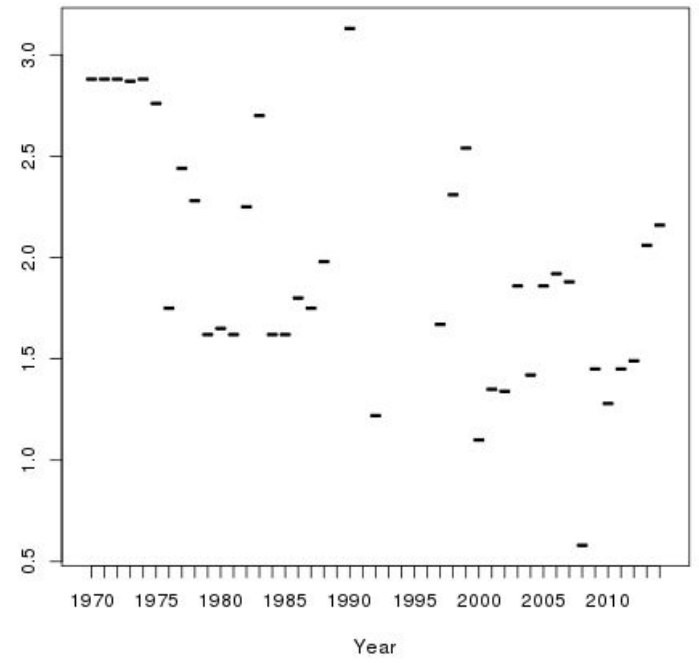

**Taita-Taveta**

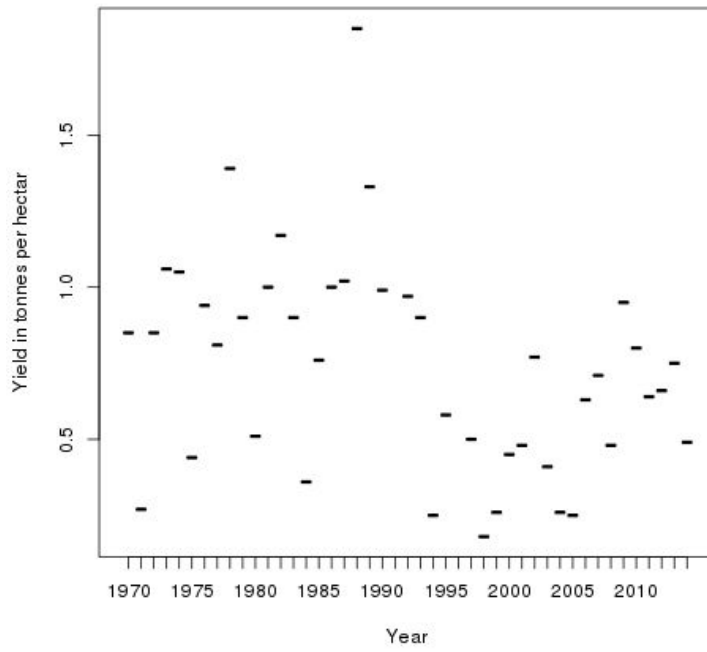

**Garissa**

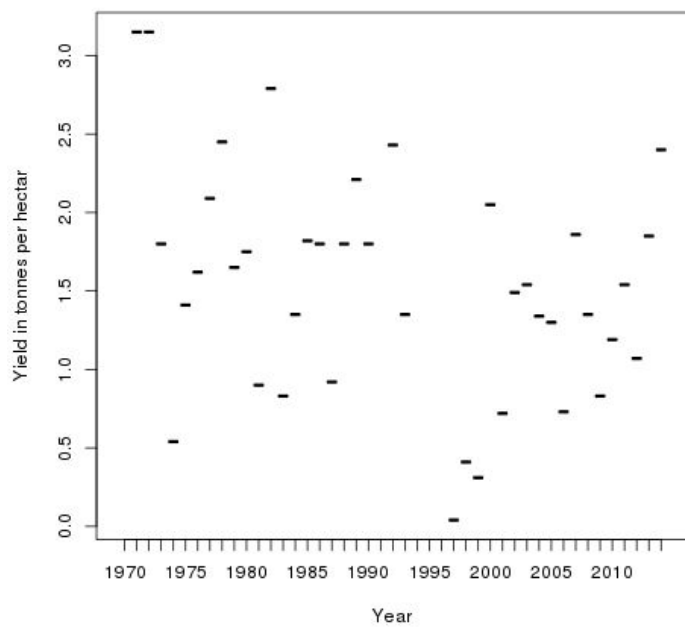

**Kisumu**

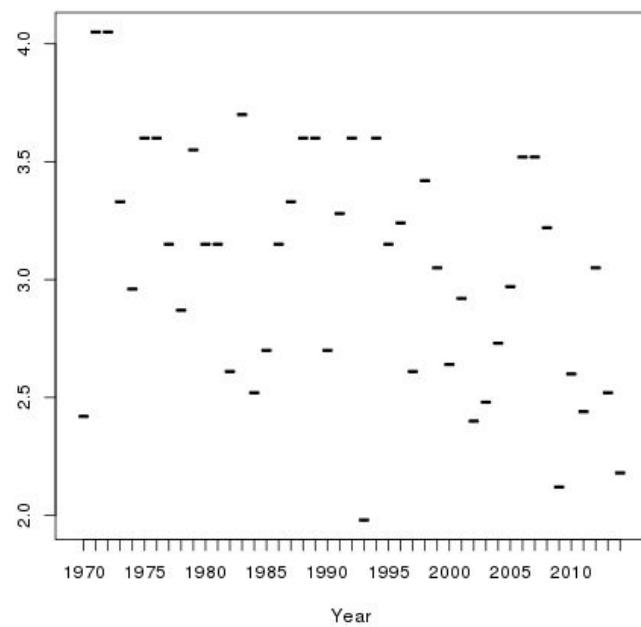

**Machakos**

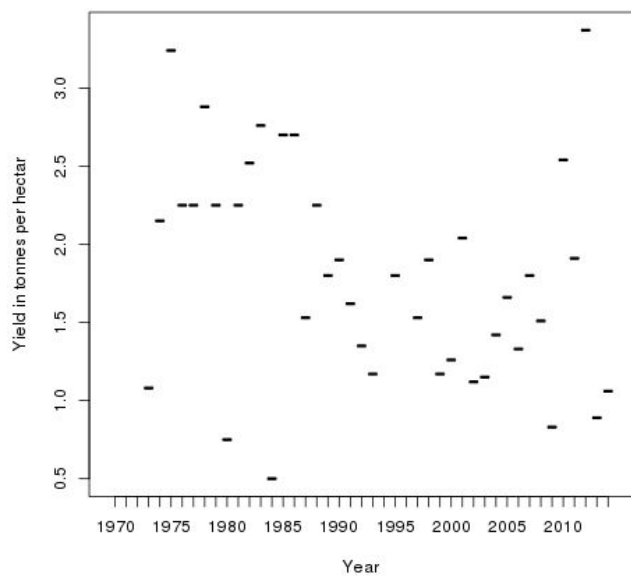

**Kajiado**

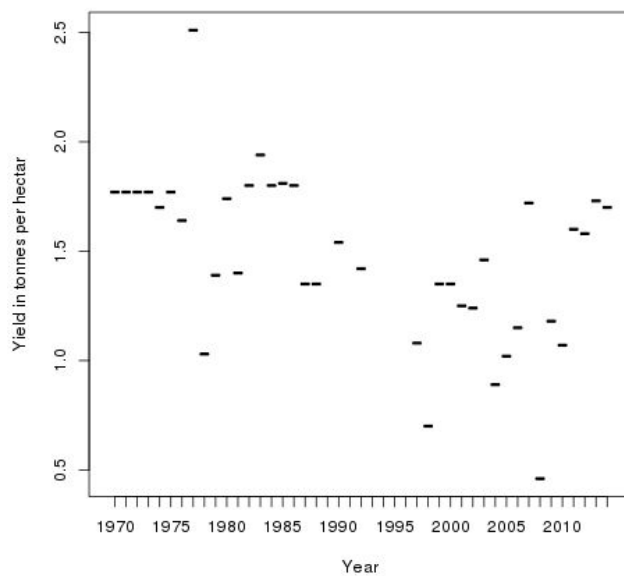

**Kericho**

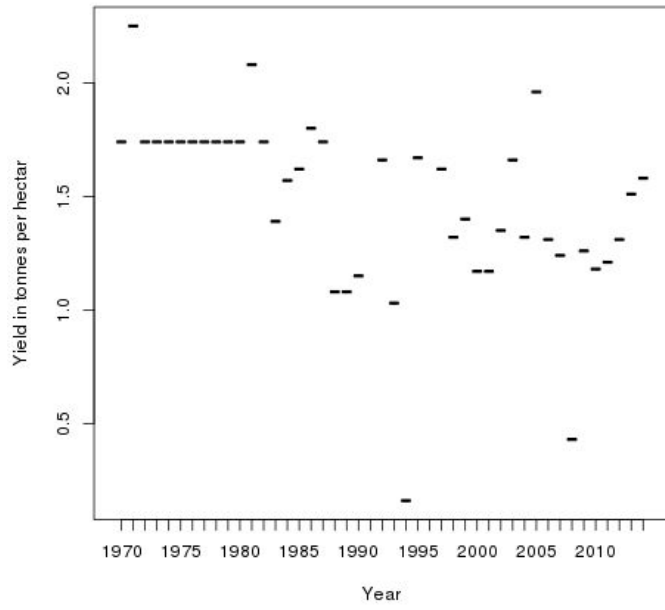

**Laikipia**

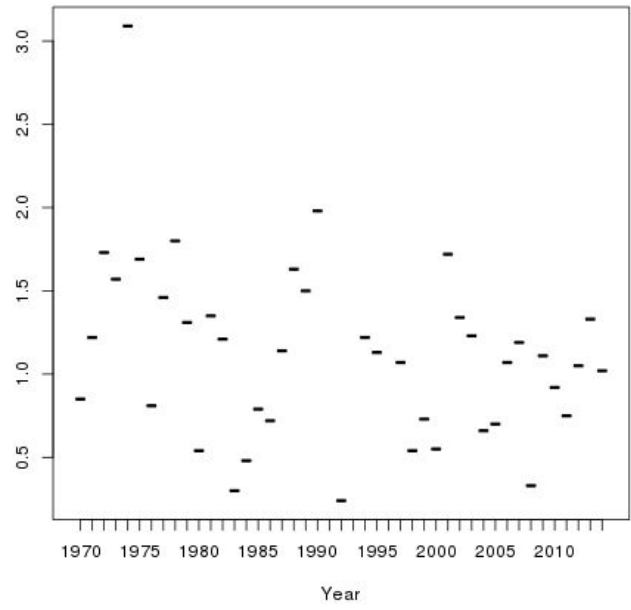

**Siaya**

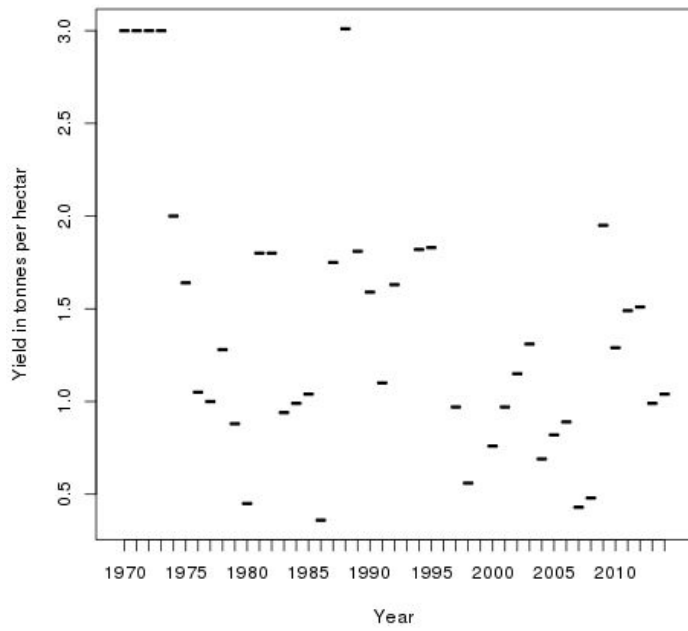

**Busia**

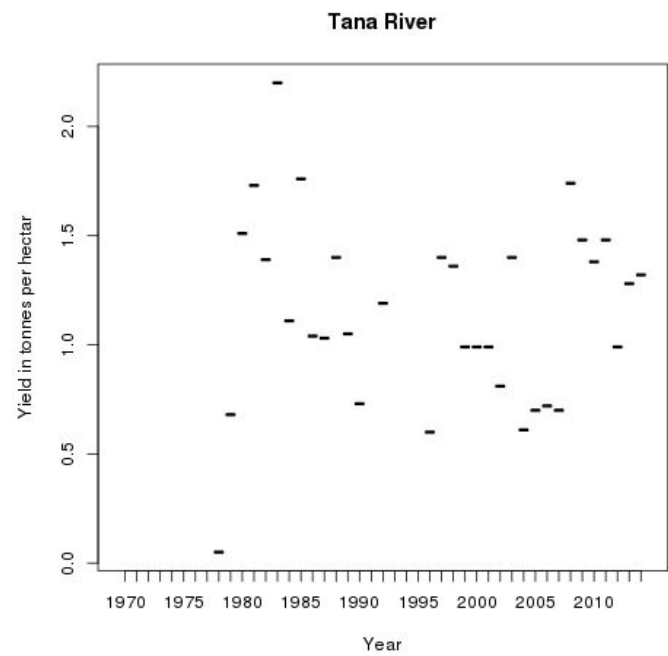

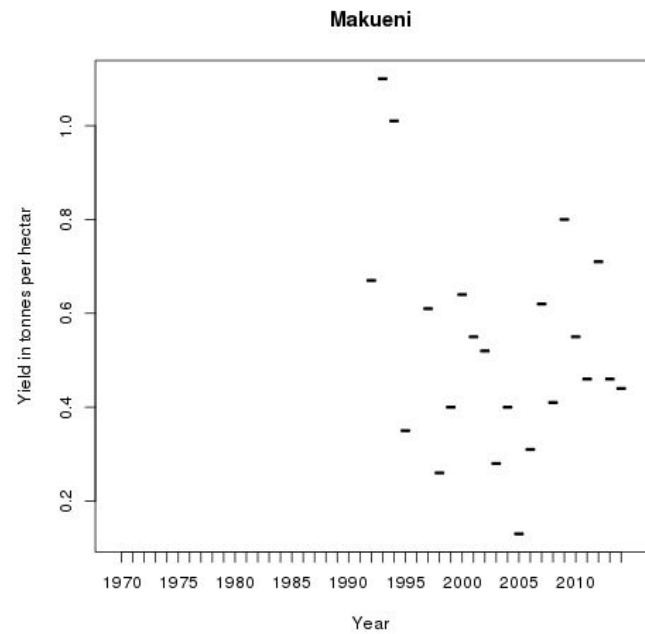

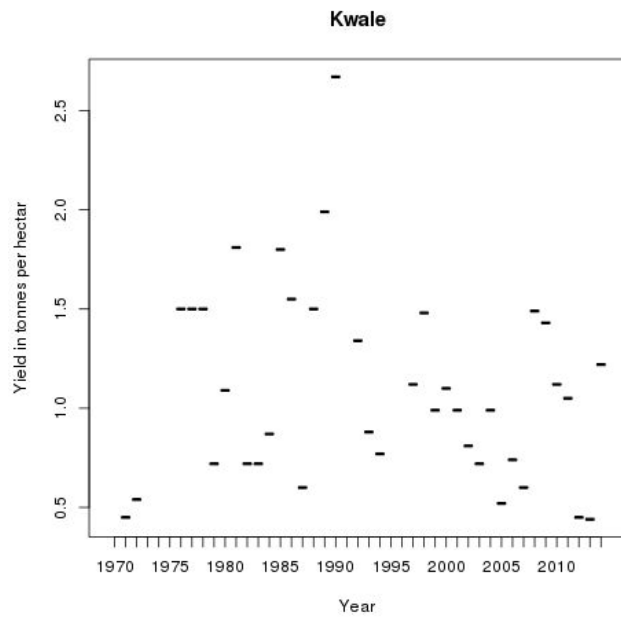

**Embu**

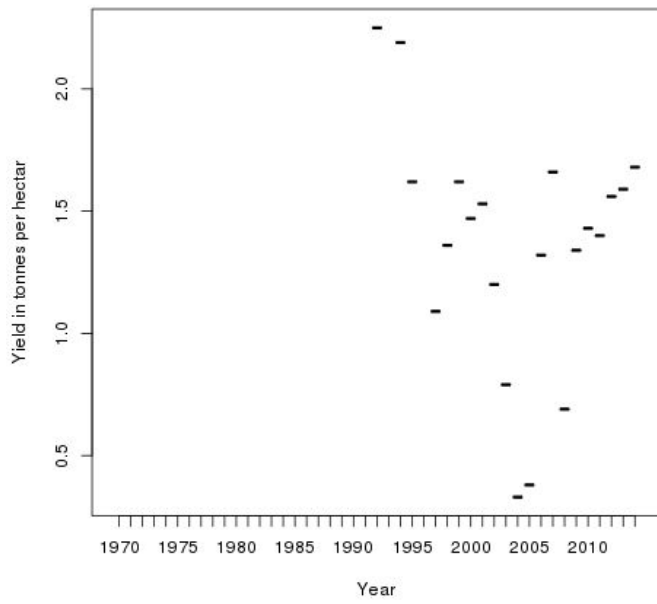

**Meru**

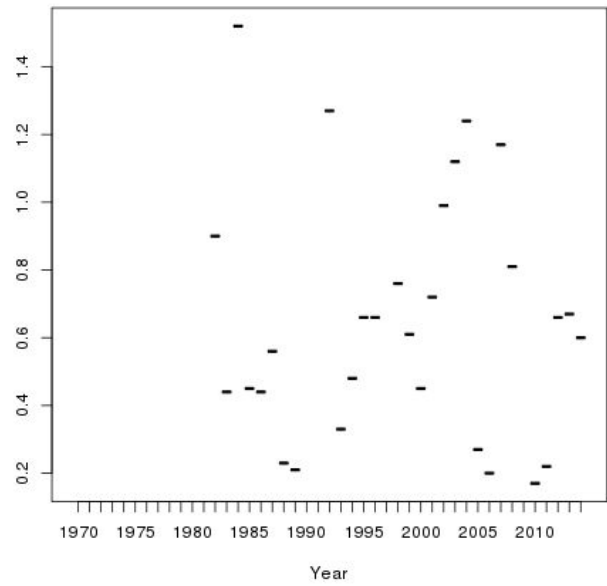

## b. Negative and insignificant trend

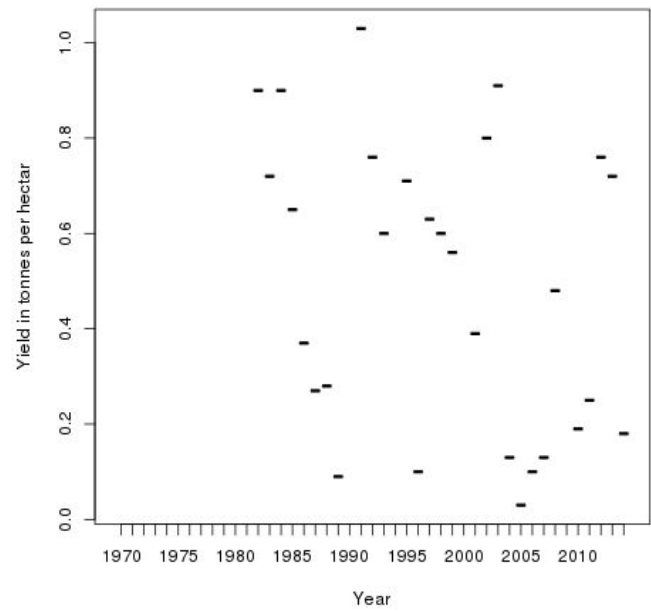

**Homa Bay**

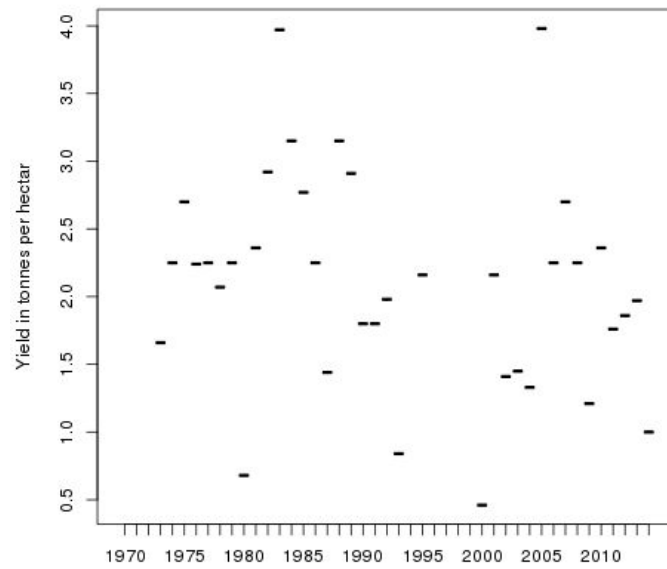

**Mandera**

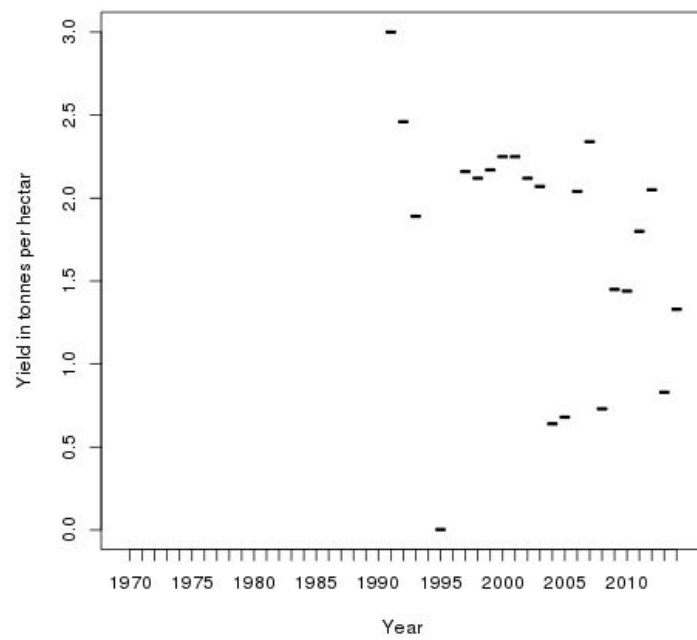

**Wajir**

**Baringo**

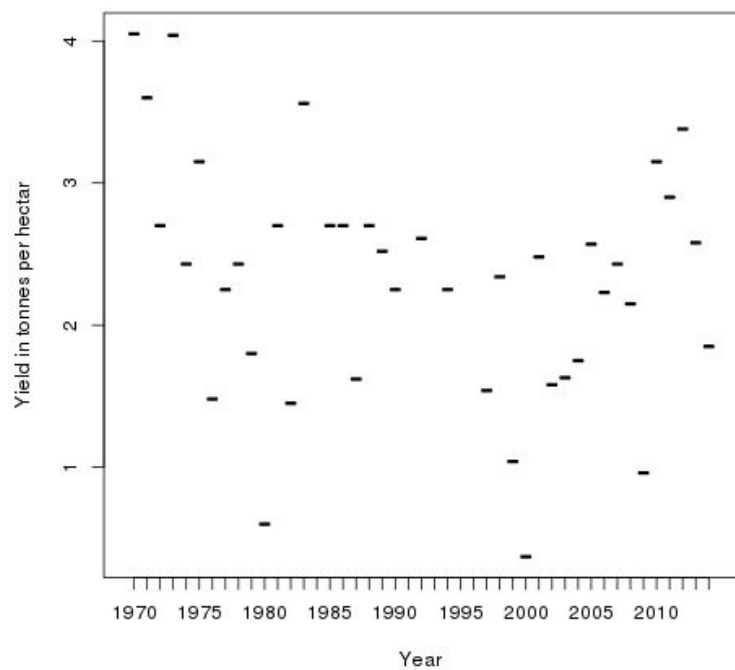

**Migori**

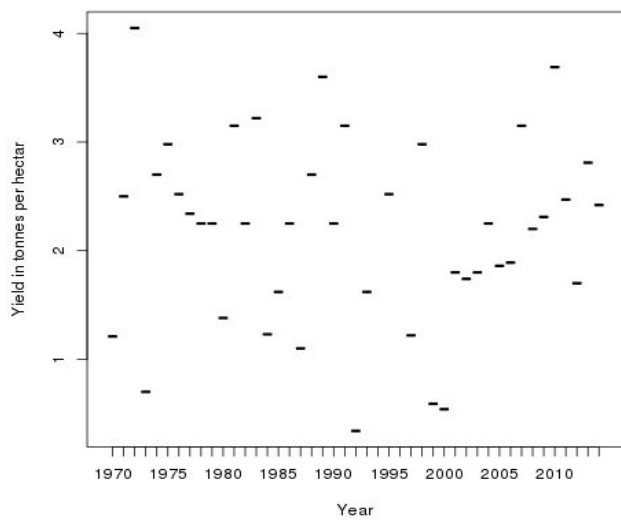

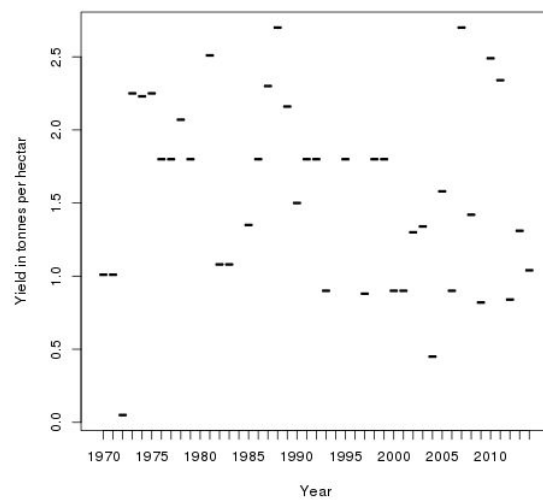

**Nakuru**

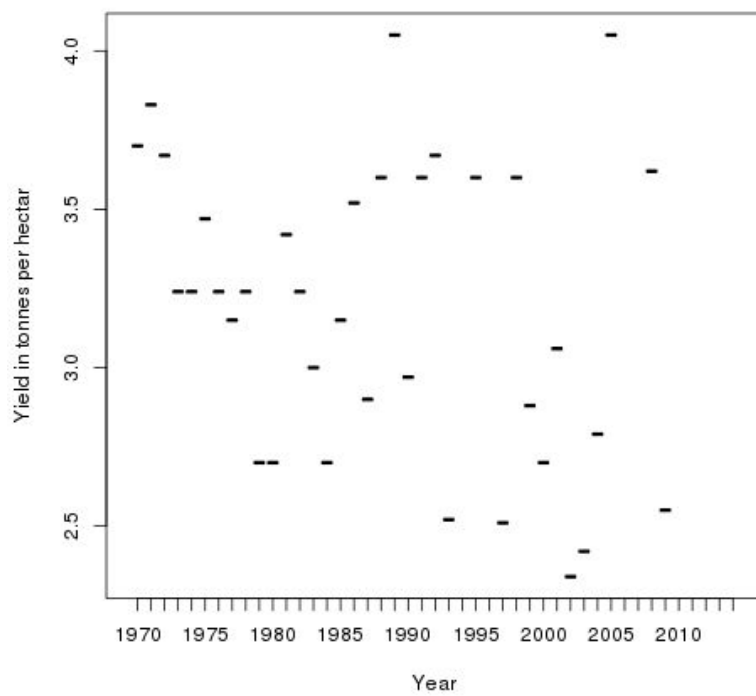

**Narok**

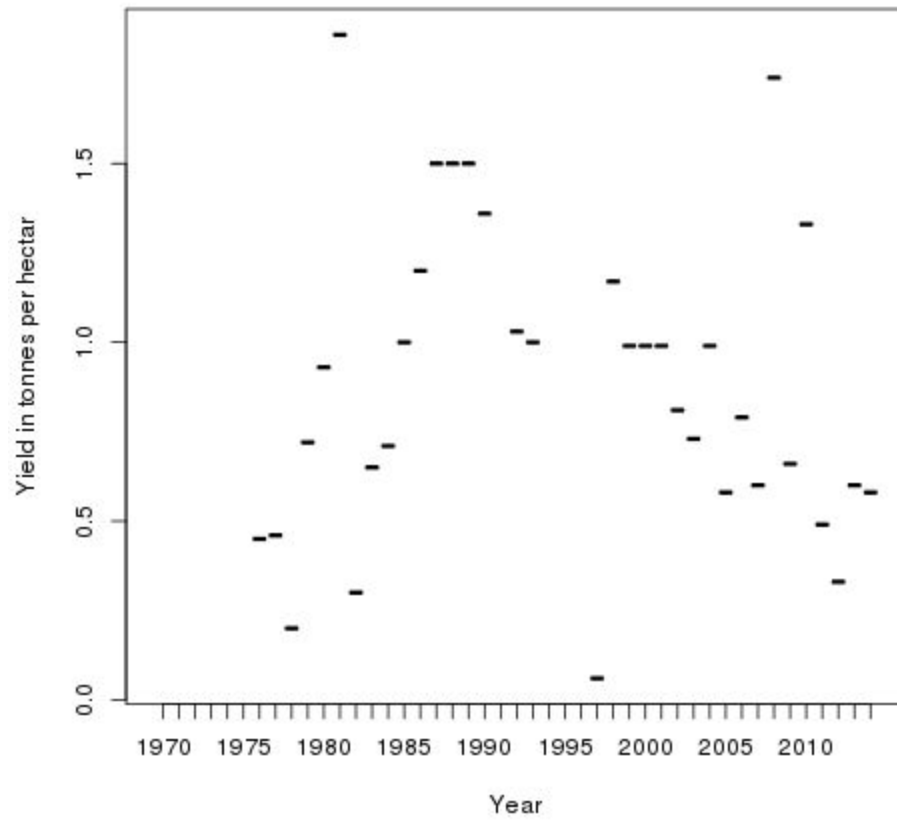

**Samburu**

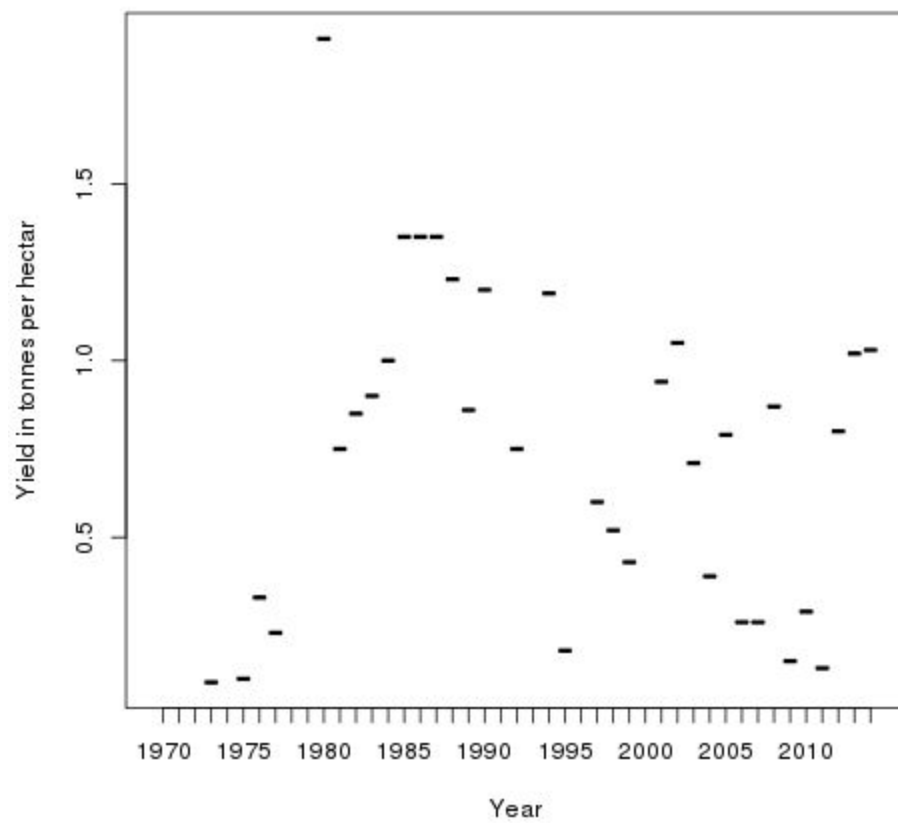

### Trans Nzoia

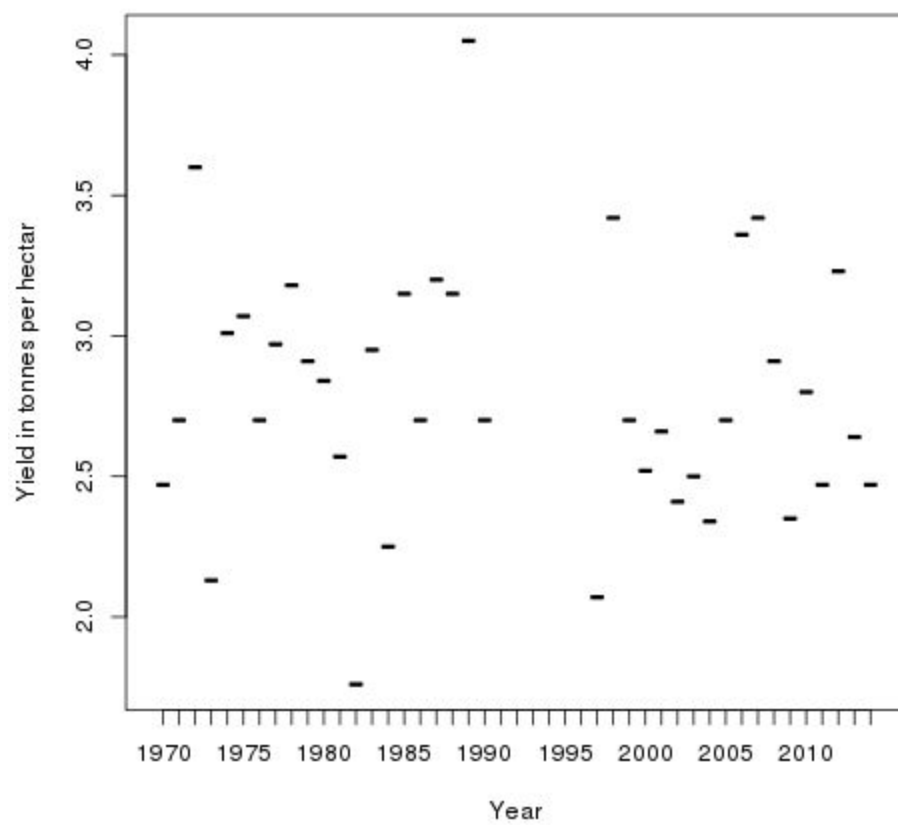

# Kilifi

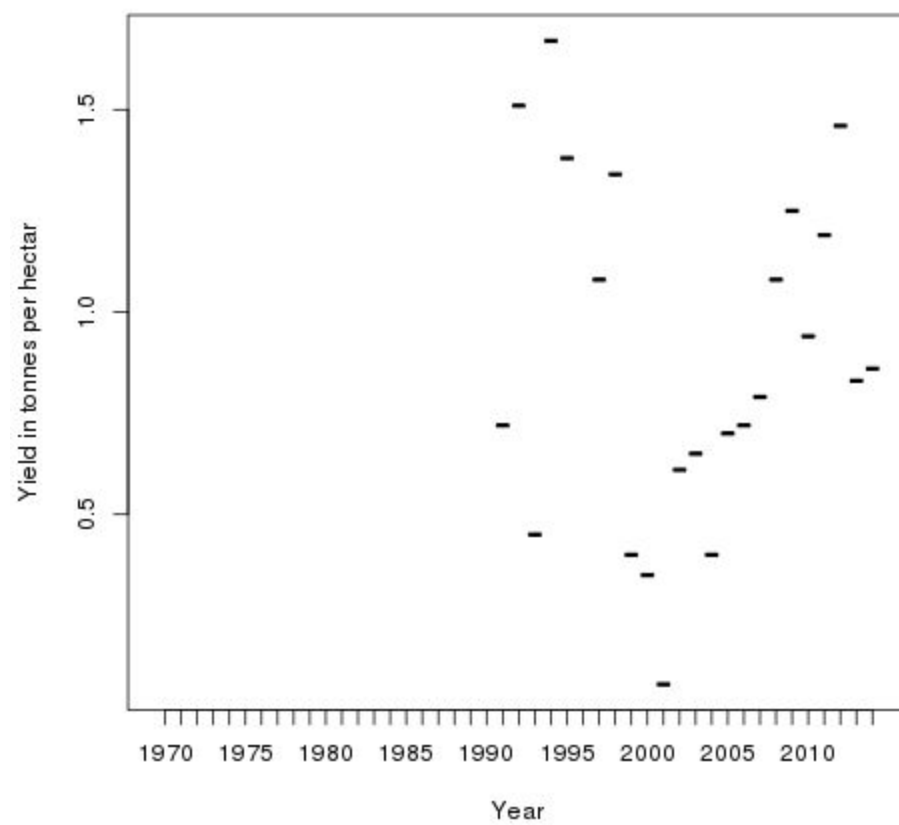

# Marsabit

# Nandi

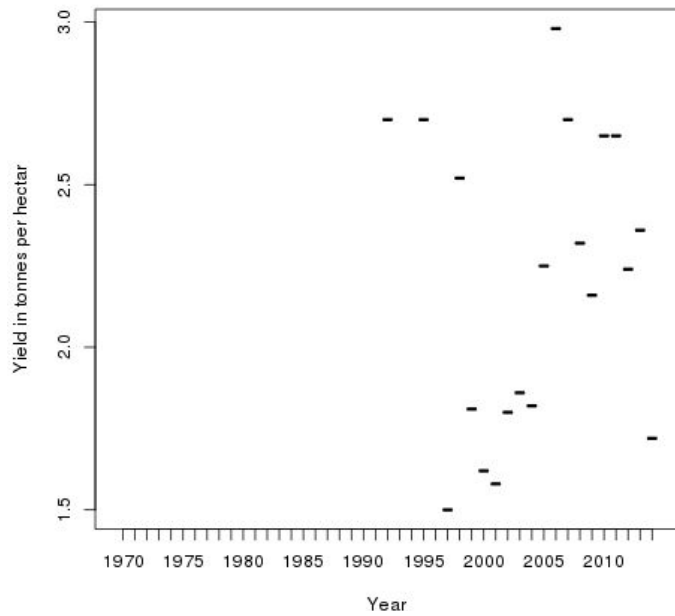

## Tharaka Nithi

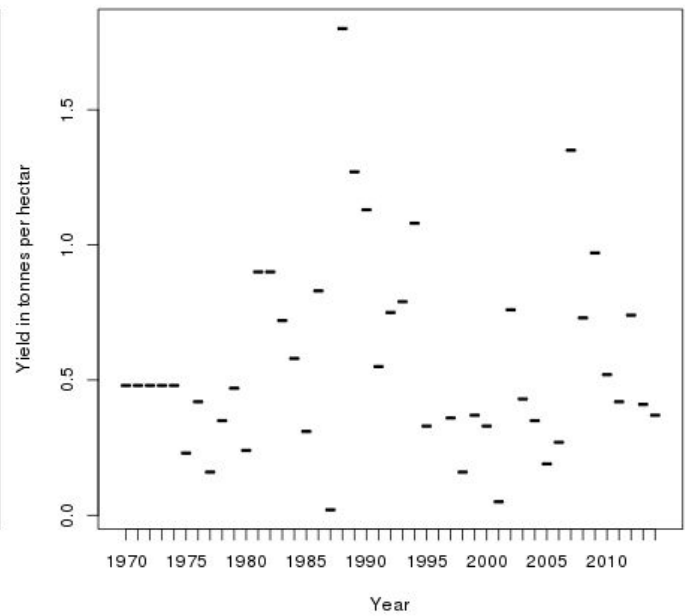

### c. Positive and insignificant trend

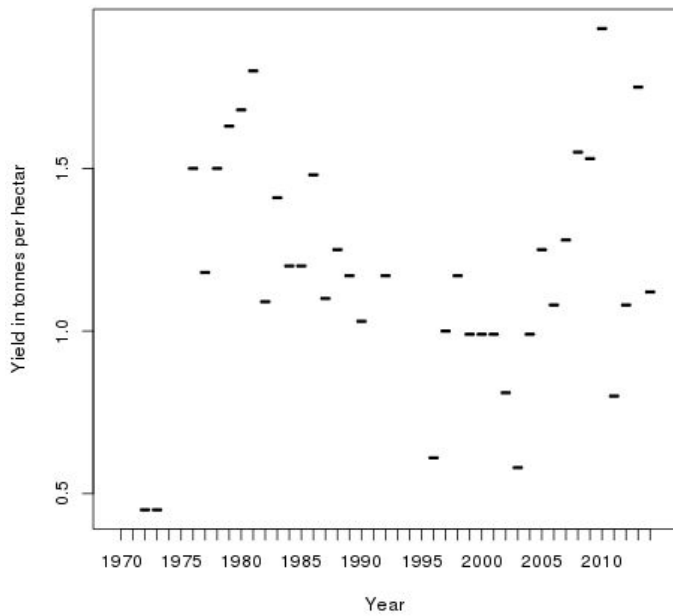

**Bomet**

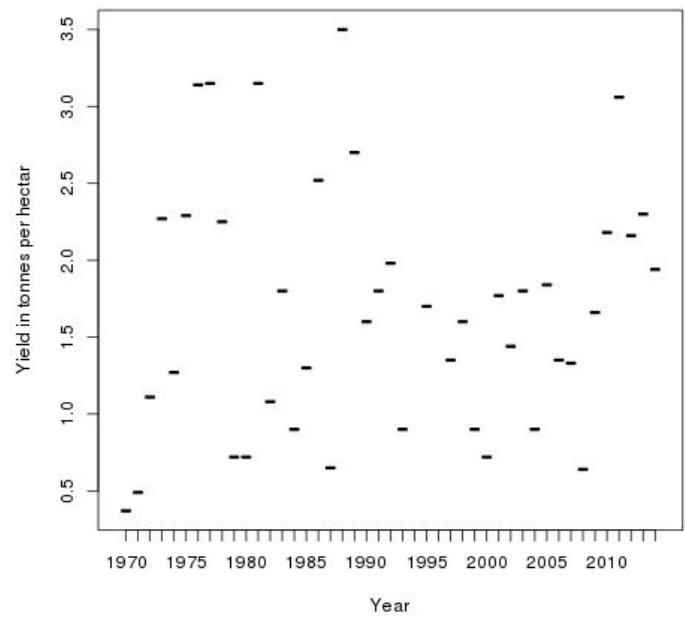

**Kitui**

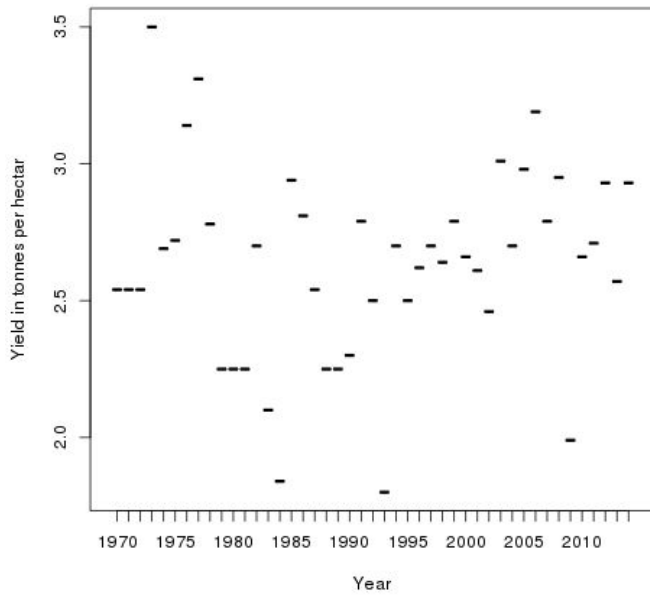

**Lamu**

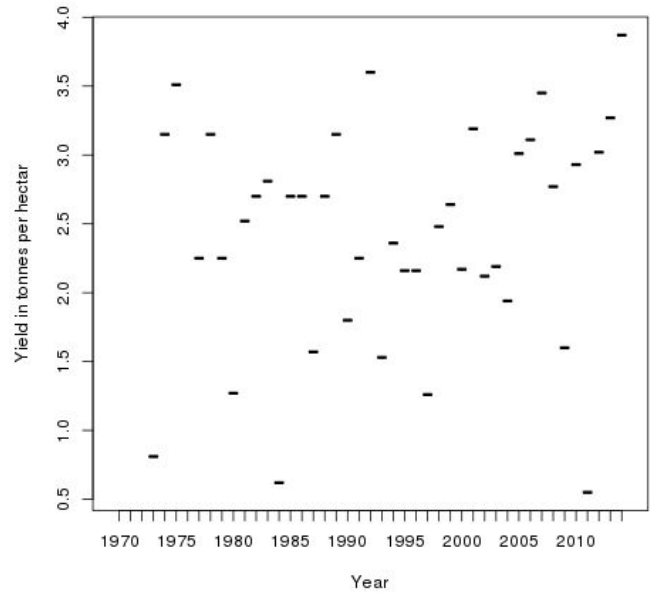

**Nyandarua**

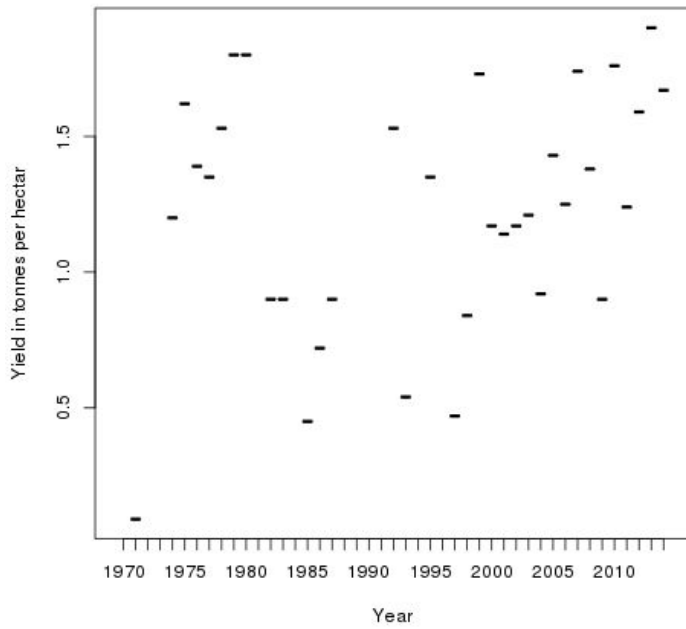

**Bungoma**

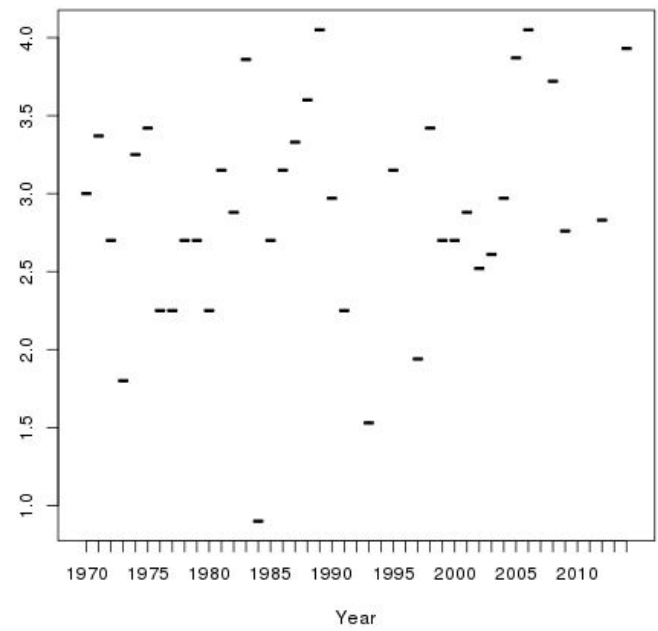

**Elgeyo Marakwet**

**Turkana**

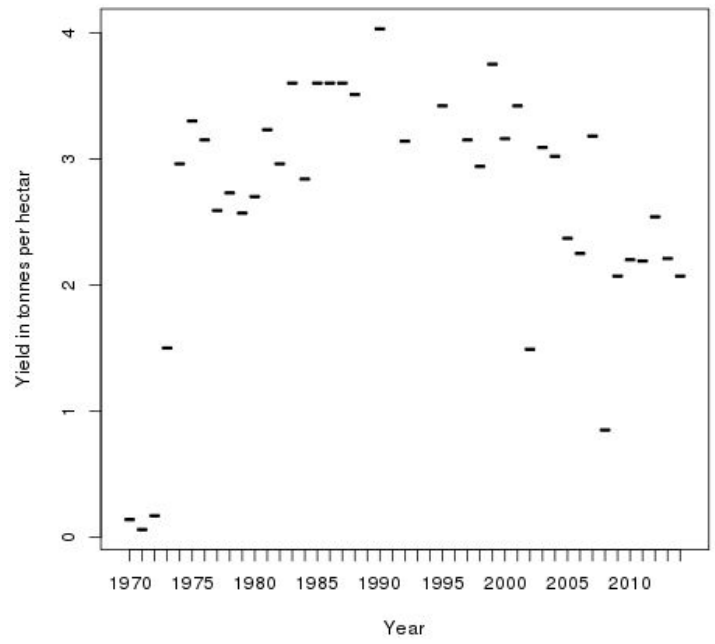

**Uasin Gishu**

**Kisii**

**Vihiga**
